31.7. 2022 - 6.8. 2022

Symposium for artists

The aim of the meeting of the artists is the design of free and site-specific works - landscape project VorderschuhzachgütI

The works will be shown in an exhibition on August 6, 2022. The exhibition is to take place outdoors, so that installations, landart objects and sculptures can be realized particularly ideally. The workshops for woodcut and woodprint can also be used.

The call for applications is international and professional artists with a meaningful CV are invited to apply. The artists receive free board and lodging. Further design and realization of the projects from 2022 are planned for 2023-26, but still dependent on the amount of funding.

A maximum of 4 artists can take part in the symposium. Applications can be submitted until June 30, 2022. The artists will be accommodated in shared rooms. Breakfast, lunch and dinner can be prepared together.

Please send applications exclusively by e-mail to
